For a limited time, download Spelunky from the App Store for $4.99 and help the Cave by going on the most exciting and dangerous treasure hunt ever! "Spelunky is easy to learn, but difficult to master," said creator Derek Yu. "You'll die many times, and it's frustrating, but it's awesome when you figure out a way to beat a puzzle, and that's the most fun part." Featuring 50 levels of classic 2D platforming through increasingly challenging and elaborate obstacles and bosses, Spelunky has multiple difficulty settings, multiple game styles, numerous checkpoints, and an extensive array of character upgrades that will put your reflexes, patience, and platforming skills to the test. It's a beautiful, hauntingly atmospheric platformer that puts you deep underground, where you'll have to contend with deadly acid, electricity, and the fear of being blocked in. "Spelunky is the first game I really cared about making." said creator Derek Yu. "From its start, I wanted to make an action-platformer with real world physics, a deep atmosphere, and great art design. The setting is a classic 'Dungeon of the Underpeople' and I wanted it to feel like you were exploring a post-apocalyptic hellscape with limited resources." "Spelunky has a lot of things to offer that have never been done before. The game is an awesome mix of adventure

How to Build a USB Bootable Windows 10 DVD This guide will teach you how to build a bootable Windows 10 DVD from an existing Windows 10 installation on your hard drive. We will show you how to prevent overwriting your current system by creating a new partition in your hard drive and install a new copy of the Windows 10 OS on it. Step 1: Create a bootable Windows 10 DVD ISO First, we need to create a bootable ISO file that can be used to install Windows 10 from scratch on a computer. We will make an ISO file using WinDiscImage, a free program. The Windows 10 ISO file can be burned and used to install Windows on a computer. The ISO file system is based on the ISO 9660 file system, which is the format of most Compact Discs. Step 2: Make a new partition in your hard drive Now we need to make a new partition for the Windows installation. For this, you need to open Disk Management and then right-click on the hard drive and select Create Volume from the context menu. The rules of these card games vary from country to country. The present invention relates to one such card game where players try to gain the highest score on their hand. According to the invention, a game is played between two or more players, wherein each player is dealt two cards, preferably from a standard 52-card pack of playing cards. Preferably, each player is dealt a separate deck of cards. In some embodiments of the invention, two players play against each other, while in other embodiments, each player plays against an opponent (such as a computer program) via a computer network. Preferably, each card is initially dealt to a player and the cards are arranged in a standard fashion in the order of their rank from ace to king. The present invention also relates to a method of playing the game, comprising the steps of: a) dealing each of two or more players, including at least one player, each player receiving a hand comprising two cards and no cards being dealt to any other player; b) receiving input regarding a player""s hand from each player; and c) resolving the players"" hands by comparing at least some of the input regarding each player""s hand with at least some of the other input regarding the players"" hands and determining a highest hand. The present invention also relates to a system for playing the game. Washington Post: Apple's App Store popular for breaking business models - dsr
