Works with most Logitech products  
Simple installation Extra functions  
activate automatically Can modify and  
change the behavior of the mouse Bonus -  
helpful little manual on the mouse buttons  
Needs to be configured manually What is  
your experience? Free and Legal? How to  
Use? I think this is a good software. But i  
havn't test it in my Logitech mouses. I am  
waiting the firmware update of my  
mouses. I will update it if its happen. I  
think this software is useful to users of  
mouse-logitech. Logitech SetPoint 2022  
Crack is a mouse-customization  
application developed for Logitech mice

and other mice units. It is a unique interface created for those users that want to customize the mouse buttons so they would function according to their needs.

**Quirky installation** The installation routine is not the fastest one, especially since at one moment it needs to make some customization settings and the mouse and keyboard become inactive.

**Good** There are many options that allow you to change the functionality and behavior of the buttons.

**Average** The list includes a sufficient amount of options to fit the needs of most users. Among the possibilities there are actions such as cutting, copying and pasting information, open the Charms menu on Windows 8 as well as accessing various parts of the

The Universal Multi-Device Charger enables you to simultaneously charge four devices with just one power adaptor. Simply plug the multi-device charger into any power adaptor and into four devices, and then plug the portable USB power bank into the multi-device charger. Your device, mobile phone, digital camera, tablet or GPS device are charged simultaneously while the charger is connected to a standard power adaptor. The multi-device charger is compatible with AC/DC voltage input power adaptors including wall chargers, laptop adaptors, and USB power banks. To ensure compatibility with USB wall chargers, the multi-device charger has a built-in secondary DC-to-DC converter.

---

Description: You can charge and use your mobile phone, tablet, and more devices simultaneously from a single power bank. The dual USB port that allows for both charging and using makes the multi-device charger perfect for those who travel and need to travel light. The multi-device charger can charge up to four devices from one power bank, ensuring that you will never run out of power. The multi-device charger will charge your devices using the USB ports on your power adaptor or the USB port on your device, up to a maximum of 5V/2.
