Basudeb Bhattacharyya. Basic concepts of statics and dynamics are presented using the vector approach . "If your plans include making deceptions, you should have expected them. With your father in the underworld, who will know if a dead body is not moved after he is killed? I had no choice. As an infertile woman, it was essential that I have a child with another man. Your mother, who dared to oppose me, was my greatest enemy, and she was killed for her pride." Dodola's smile widened. "A woman who gives birth without a man is a rarity. There have been no other infertile women in my family for generations." "What is your plan?" "After you two are gone, we will take control of the underworld and begin to build it into the most powerful organization in the world. In the process, we will also transform the Underworld into a place where the elite of both the living and the dead can meet, and unite." Sandra gave him a sceptical look. "You really think that you can unite the dead with the living?" "I am certain of it. Someday, your father will be able to re-enter the Underworld and return to you. He will not be angry with me, for I have done him a favor in helping you and your son." "I don't want to leave my son. Where can I go? I will not leave him alone." "Do not worry, he will not be alone. We will also help him. This is my promise. If the time comes, we will take your son, and help him to grow up in a place where he
